THE TRIBUNE.

NEW-YORK, THURSDAY MORNING, JULY 15.

GOV. SEWARD (we learn from the Albany Evening Journal) peremptorily declines another reflection, and degres it to be understood that under no circumstances will be suffer his name to be used as that of a possible candidate. He does this from no ill-feeling toward any portion of the Whig party, but on the contrary will in private as in public ife do all in his power to maintain the ascendency of Whig principles and promote the success of those great measures eith which the prosperity of the Country is intimately blended. The Journal remarks:

Gov. Seward, at the close of his present term of office rill have devoted four years to the discharge of its high and esponsible duties. This has required a sacrifice of every other duty and interest. Having, therefore, performed his hare of public duty and enjoyed his share of public honors, he now feels at liberty to consult his personal interests and inclinations by asking the People to cast both the responsibilities and the honors of the Executive Department of their Conserment woon some other citizen.

CANADA. - The Canada Assembly is all absorbed in forming Committees (of eleven each) on Contested Elections, which are very numerous. There has been a fist-fight in one of the Committee-rooms, in which Mr. Christie of Gaspe gave the lie to Mr. Hamilton of Bonaventure, and was knocked down for his manners. A challenge was sent by the knocked-down, but not accepted by the knocker.

CANAL TOLLS .- The Tolls received on the Canals of this

The tolls collected at Fairport, head of the Chemusg Canal, up to July 1st, were last year \$4,134 57; this year 11.701 79; increase \$7,567 22, or almost 200 per cent.

The Easton, Md. Gazette says that the dwelling of Mr. Goldsborough in Talbet county was struck by lightning on the 8th inst. The glass in the windows was shivered but no other injury was done.

From PERU.-Extract of a letter from a gentleman, resident at Lima, dated 6th of May last :

"General Gamarra bids fair to last out his Presidential term. He has just succeeded in quieting an outbreak in which 3000 men were in arms against him; but like true Perwians, nobody was killed on either side, and the chief of term. I hope it may never take effect, as we are better off with those we have than we would be with a change effected in that manner." [Nat. Gazette.

KEEPING ICE .- We find in the Kentucky Farmer the folowing valuable directions for keeping ice:

We take, at sunrise, from the ice-house, as much ice as will probably be wanted through the day and cover it up in ome saw-dust placed in a barrel which sits in the dairy-At night the size of any given lump is scarce percepably diminished. It is a perfect charm. Away with your ball ton of lumber, charcoal and zine, with which you are ambugged under the name of "refrigerator."

THE FUNERAL OBSEQUIES .- Our citizens yesterday mornog rendered their last honors to the earthly remains of their us friend and fellow-citizen, William Henry Harrison. The lease which bore the body from the residence of Col. Tayto the steamboat that conveyed it to North Bend was ary companies which arrived from the Louisville encampment in time to join in the procession, and followed by relamentant personal friends of the deceased, by the committee
thich had brought it from Washington, the committee of by which had been appointed to make arrangements for be obsequies, the City Council, officers and soldiers of the me war, Judges and officers of the Supreme and Common the Council of the Supreme and Counc leas Courts, members of the bar, Odd Fellows, firemen, dier associations, and large numbers of citizens in an indidual capacity.

The procession moved, to solemn music, from the resience of Col. Taylor on Sixth-street, west to Race, thence both to Fourth, thence east to Broadway, thence Broadway to the wharf, and on the wharf to the steamboat anian, which lay at the foot of Main; and the pavements, ad doors and windows of houses, for the whole of this disface were crowded with persons, numbering doubtless from 1,000 to 20,000, who had assembled to have a last look, as passed, of the coffin which enclosed the body of the venented dead.

The boat left the wharf for the Bend about I o'clock, bearwith the remains the committees, the detachment of and States marines, and relatives of the deceased. By secial invitation, the Rev. John T. Brooke west down to perform the funeral service of the Church of England at the [Cincinnati Gazette, 8th inst.

Last Public TRIBUTE.—The citizens of Cincinnati have unted as one man in their last tribute of affection towards him who was so lately their neighbor, friend and Chief Mapatrate. We have never before witnessed-and never again stall witness-such an entire and universal commingling of respect, and affection, and sorrow, from all hearts, as the and called forth. As the city's procession, to which were added large numbers from the surrounding country, took up a slow and measured trend with the mortal remains of him who so lately lived and maved the people's friend, the entire sace which seemed to reign universal save where the meascholy dirge and mutiled drum broke upon the stillness, and to re-awaken emotions in all hearts which old Time melf could not hope to suppress. There was no effort to Take a pageant; none was necessary. It was but required a positions should be assigned all orders in the line of probein, and the train moved forward in silence and sadness. belateness of the hour at which we write will prevent more bin a few general remarks. We cannot omit to specific bases, of that little band of some thirty or forty who

thed close to the body of their old Commander. beywere weather-heaten soldiers who, in the severe, suffer-be, but brilliant campaigns of '12—'13 had followed the 'a General to his country's battles and victory, now acpanying his remains to their last resting place, and very was to be themselves followed, one by one, until the men of the war shall live only in the recollection of their children country. And we may simply remark that never again be seen assembled together in time so many of the greyhaded Pioneers of the West as united in procession at Cincuant, for the purpose of offering the last tribute of affec-

on to the large number of our own citizens pre we are glad to see many of our friends from L. and other parts of Kentucky, and from Indiana and the

turned out in large numbers, and made an imposing ance. The members of the Bar, and the Municipal officers were fully represented. We were sorry to learn that three or four military companies from Louisville were delayed by their Boat, so as not to reach this city until two hours after the Procession had separated. [Cin. Daily Rep. July 8.

THE MORMONS.-A Galena paper says, "from what we hear and read, we should judge that great excitement pre-vailed among the other inhabitants of Hancock county and vicinity, in relation to this sect. We should exceedingly regret to see the exciting scenes of Missouri re-enacted in this State, but we consider such as not among the impossibilities. What appears to excite particular aversion or alarm, is the organization of what is called the Nuuvoo Legion-who muster every few days, 'all harnessed for war.' Their neigh-bors, unskilled in the mysteries of the golden plates, fear they are to be driven out, as were the Hittes, Jebusites, &c., from the land of Canaaa of old, and that Smith does not lace as much faith in the efficacy of ram's horns, in tearing down the walls of the Gentiles, as in shoeting-irons and ballcartridges. Our belief has been, that the Mormon Legion has been organized for defence, as in case of an attack, as

ATTEMPT TO ESCAPE.—Three of the condemned mut-derers at St. Louis, Madison. Warrick and Seward, made an attempt to escape from prison, and actually succeeded in etting into the streets. After a hot pursuit they were recaptured and carried to jail.

Comparatively speaking, we admire a rascal to one of those two legged animals, usually denominated 'mean men.' -who have neither soul nor manly looks. If we were Governor General, every 'tinker's son' of them should be colonized, and be obliged to subsist on each other's littleness for the remainder of their days. [St. Louis Bulletin.
